

# Medical Equipment Risk Strategies

## REPORT DESCRIPTION

---

The report provides a criteria level breakdown of the currently established Risk Strategy within TMS OnSite / TMS OnLine for assets for a selected Category / Sub-category combination.

This is not a standard report included within TMS OnSite/TMS OnLine. It can be developed using the C1 Report Designer software provided by Four Rivers Software should you have the resource to do so. Additional documentation to guide you through the development of the report will be provided upon request. If you would like modifications to the report as shown, a report creation request may be submitted to our Services Department via [techsupport@frsoft.com](mailto:techsupport@frsoft.com) for creation and delivery to you. The below listed fields are all standard fields used within TMS.

## INFORMATION IN USE

---

- Asset Category
- Asset Subcategory
- Established Risk Strategies

## REFERENCE ITEMS

---

- Accurate asset records covering category and subcategory.
- Fully established Risk Strategies must be built within TMS.

## IMPORTANT NOTE

---

*Correct asset category/subcategories must be in place and all Risk Strategies must be completed and up-to-date.*
