

## Room, Desk & Resource Scheduling

### WHY EMS?

The EMS space & resource booking tool connects your organisation in a controlled manner, enabling you to schedule & manage:

# EMS

- **Spaces:** rooms, desks, huddle zones, parking spots, etc.
- **Resources:** catering, audio visual, video conference, etc.
- **Staff:** service requests, security, cleaning, caterers, etc.

*"EMS has impacted my ability to schedule meetings in a very profound way. Prior to using EMS, we were using a very outdated, homegrown system, so being able to use EMS for internal and external customers has completely expedited out entire reservation process."*

— Alyssa Manse, Software implementation

**Breakdown barriers to work by using**  
*a powerful enterprise-class workplace and campus management platform.*

### About Accruent

Accruent is a global software company that helps organisations achieve superior performance by transforming how they manage their physical resources. Its innovative, industry-leading cloud-based software and services enable organisations to optimise all stages of real estate, facilities and asset management, from capital planning through to IoT-based monitoring and control. With a proven track record across two decades, Accruent has created the only integrated SaaS-based framework and reporting platform for full lifecycle physical resource management. More than 10,000 global customers depend on Accruent solutions to drive out hidden costs, extend asset lifecycles, protect their brands, ensure compliance and deliver on the missions of their organisation. Headquartered in Austin, Texas, Accruent serves a wide range of industries in more than 150 countries around the world.
