Fire Sprinkler System Testing

REPORT DESCRIPTION

The report provides a list of all sprinkler systems, the date due, asset number and days open. The report totals are provided on the first page. Totals provided include Work Orders (ACTIV, CMPLT, & CLOSE), the total completed Work Orders (CMPLT & CLOSE), as well as the Completion Percentage.

INFORMATION IN USE

- Asset Cateogry Code of "Lif" (Life Safety)
- Asset Sub Category Code of "SPRINK" (Sprinklers)

REFERENCE ITEMS

- Accurate and consistent entry and editing of asset records is critical
- Accurate and consistent entry and editing of associated work orders is critical
- Standardization is a must

IMPORTANT NOTE

Failure to standardize and maintain accurate asset records will cause incorrect / unnecessary negative results within the report.
