

vx Maintain: facilities and asset maintenance and compliance management

WHY vx MAINTAIN?

vx Maintain manages the full workflow related to reactive and planned preventative maintenance activities, from work order creation and dispatch to completion, invoicing, approval and financial system integration. It provides unparalleled, enterprise-wide visibility and control over assets, facilities and contractors, as well as managing compliance and related documentation.

“Verisae came highly recommended by our industry peers. With proven experience in change management and a configurable system to meet our unique business needs, they were the obvious choice.”

– Jerry Stutler, VP Construction and Facility Engineering

About Accruent

Accruent is a global software company that helps organizations achieve superior performance by transforming how they manage their physical resources. Its innovative, industry-leading cloud-based software and services enable organizations to optimize all stages of real estate, facilities and asset management, from capital planning through to IoT-based monitoring and control. With a proven track record across two decades, Accruent has created the only integrated SaaS-based framework and reporting platform for full lifecycle physical resource management. More than 10,000 global customers depend on Accruent solutions to drive out hidden costs, extend asset lifecycles, protect their brands, ensure compliance and deliver on the missions of their organization. Headquartered in Austin, Texas, Accruent serves a wide range of industries in more than 150 countries around the world.
